			cross the river. He informed Bde they searched from 1200-1700 hours with Cider 35, HH-60, Cayusa 425, single strand of rope used to cross the river.		
91		2355	(U) From all elements Sitrep Negative.	Notified Bde	DC

Summary: The log was opened at 0001 hours 1 January 1969. Unit locations: At LZ Lanetta YA857457; Battalion Headquarters (Forward), A Company, E Company, C Battery 2/9 artillery, 3d platoon D Company 4th Engineer Battalion, counter mortar section from the 52nd group; At LZ MaryEtta YA766492; B Company, 1 CSF platoon from the new Special Forces Camp at Plei Djarang; 1 LZ Batty YA905505; C Company; At grid YA729501; Recon platoon (Night ambush); OPCOH units; D Company OPCOH to 2/1 Cav; At LZ Oasis; Headquarters and Headquarters Company Support (S-4 Forward); At Base Camp (Camp Enari); Battalion Headquarters (Rear). At 0950 hours 1 January 1969 Recon platoon reported that they had succeeded in getting one man across the river with a rope shortly thereafter 2 other strong swimmers were safely across the river. At approximately 1115 hours The Battalion Commander was airborne to Recon the area to assist them in crossing the river. Battalion Commander told Recon to remain on the East side of the perimeter, he also informed the Recon platoon leader to have the three individuals that had crossed the river to rest before crossing back to the East side of the river with the rest of the platoon. Further instructing the Recon platoon leader when his platoon was back together to Recon South on the East side of the river to look for an easy crossing spot and inform the Bn TOC but do not cross until told to do so. Establish a night ambush along a likely avenue of approach or trail and return to LZ MaryEtta NLT 1200 hours 2 January 1969. B Company platoon was given the same order except to Recon Northeast and South side of the river and do not attempt to cross unless told to do so, so this action was taken by the Battalion Commander due to the deep swift current of the river waters. At approximately 1150 hours Recon platoon reported that an individual had safely crossed back across the river, the second individual was trying to cross using the rope, that had been strung across the river, when he lost his grip and fell into the deep, swift portion of the river. The EM PFC Cecil J. Clark was observed by some of the platoon members as he was swept some 300 meters downstream and disappeared downstream from view. The platoon Sergeant said that he thought he heard PFC Clark call for "help" one time. The S-3 1/85 immediately requested a chopper from the 3d Bde to assist in the search of the missing individual, the Recon immediately began a search along the East side of the river. At 1215 hours a Cider aircraft came on station and made low visual reconnaissances over the river area. Cider searched the area for approximately

		2 1/2 hours with negative findings, 2 Hoardhunter aircraft came on station at 1310 hours (MI-60-69) also joined in the search and stayed on station except for re-fueling at 1715 hours. At 1218 hours the Battalion Commander received his IOH and was airborne and proceeded immediately to the river area and made visual reconnaissance very low until 1320 hours. He was not able to locate the lost individual. The IOH re-fueled and was airborne and back over the area with the B Company visual reconnaissance until 1515 hours with negative findings at which time he had to go off station. The air search was cancelled at 1715 hours after approximately 5 hours of air search using 2 fixed wing and one IOH with negative findings. The Necon platoon continued their ground search down the East side of the river back until darkness with negative findings. Battalion was informed by Bde that the 1/10 Cav would be working in the A/C along the river South and West of the 1/35 A/C on 2 Jan 69 and that they were instructed to be observant for the lost US soldier or body of soldier along the river or along the banks.		
		"NOTE" All Companies were reminded of the requirement that all individuals were instructed in river crossing techniques and units that were working in the area of deep and swift rivers carried the proper items of equipment to assist in the safe river crossing operations.		
92	2400	The log was closed for LZ Lanotta, 1 January 1969.

			<p>C Company; OPCON units; D Company OPCON to 2/1 Cave At LZ Oanla; Headquarters and Headquarters Company Support (S-4 Forward); At Base Camp (Camp Enari); Battalion Headquarters (Rear). Head-Out on the search for the MIA from Recon. We had the 1/10 Cav from 0827 hours to 1105 hours, 2 IOH's, 1 Slick, and 2 Gunships. They had negative findings on the MIA from 0950 hours to 1139 hours we had RH-47 on the Se San river with negative findings on the MIA from 1050 hours to 1130 hours. The Battalion Commander LTC Buckner and the Commanding Officer 4th Engineer Battalion Captain [redacted] flew the crossing site and computed the river flow and also had negative findings. For 3 January we now requested from Bde one (1), three (3) man raft, 2 grappling hooks, 2-500 foot ropes, 5 life jackets and one Headhunter when the equipment arrives, we will put one platoon on the river crossing site to drag the river and try to locate the body. At 1120 hours B Company 3d platoon closed LZ MaryEtta for a search and ambush operation. At 1221 hours B Company Recon platoon closed LZ MaryEtta for a search and ambush operation. The convoy departed MaryEtta to pick up the Recon platoon. Recon arrived at LZ Lanetta at 1500 hours. At 1930 hours Recon reported the CIDG OP by the village on the North side of the perimeter reported that he was receiving small arm fire and grenades. CSP reported that a drunk was trying to get through the gate and the OP opened fire on him. At 1935 hours the S-3 Operations Sergeant and the Commo, Sergeant spotted 2 unidentified choppers at grid 8548 both choppers sat down and they were not observed again for a while. Bde was informed of the sightings and they said that there were no friendly choppers in the area, a Snooky was sent out to check the area with 2 other fixed wing aircraft, they had negative sightings and they were pulled for another mission. Division sent several gunships to check the area, they had several sightings and they expended Rockets and E-60 ammo with negative assessment of the damage. The CSP was observed several times by the S-3 and the S-3 Sergeant, Commo, Sergeant and other individuals. At the time that the gunships were getting the sighting rounds were fired at the same location as our sighting.</p>		
124		2400	The log was closed for LZ Lanetta 2		
			January 1969.

	IN	OUT			
			I will replace them with someone that can.		
			Again, the Commanding General again voiced		
			his dissatisfaction on hair curls, personal		
			cleanliness, shaves and wearing of the uniform		
			throughout the Division. It is strongly		
			emphasized to subordinate companies within		
			the 3d Brigade that these areas require		
			positive directive measures. Routine emphasis		
			will not suffice as in all areas there is		
			none better, let's prove it, again signed		
			the Bde CO.		
90	2200		(U) Sergeant Corum and SP/4 Ross on duty.	Notified HOOKE	DC
91		2245	(C) Sent the message reference the vehicle accident to all elements, request a QSL.	Notified all elements.	DC
92		2255	(U) Sitrep Negative.	Notified Bde	DC
93		2355	(U) Sitrep Negative.	Notified Bde	DC

The QSL on item no. 89 from Bn CO to Bde CO reconfirmed on 4 Jan 69 at 0815 hours.
