# 1ST, 2ND BRIGADES ACTIVATED MONDAY

Vol. 6, No. 31 25th Infantry Division, Schofield Barracks, Hawaii Friday, August 30, 1963

## Generals Folda, Sibley Will Exchange Assignments

The Assistant Division Commander (Support) of the 25th Infantry Division and the Assistant Chief of Staff for Personnel, Headquarters, USARPAC,

will exchange jobs effective September 16, Pacific Army Headquarters at Fort Shafter announced.

Brig. Gen. J. T. Folda

Brig. Gen. T. N. Sibley

Brig. Gen. J. T. Folda

moves from Schofield Barracks to join the headquarters of General James F. Collins, and Brig. Gen. Thomas N. Sibley will take over as Assistant Division Commander (Support) of the 25th Infantry Division.

General Folda is completing his second tour of duty with the "Tropic Lightning" Division in Hawaii. He joined the old Hawaiian Division in 1940 and following the reorganization on October 1, 1941, served with the 64th Field Artillery Battalion of the 25th Division.

He stayed with the division throughout the war, participating in all of its campaigns in the South Pacific and Southwest Pacific Theaters.

General Folda came to Hawaii in July 1962 to command the 25th Division Artillery after serving as 1st Infantry Division Artillery Commander at Fort Riley, Kansas.

In addition to a degree from the U. S. Military Academy, General Folda also holds a Master of Arts degree in International Relations from Georgetown University.

General Sibley joined Pacific Army Headquarters in 1962 after serving in the Office of Deputy Chief of Staff for Military Operations at the Pentagon. From June 1958 until August 1960 he served in Taiwan as Chief,

See Generals, Page 8

## Cols. Mobley, McKean To Command New Brigades

Two 25th Inf. Div. brigades were activated last Monday in separate formal ceremonies at Schofield.

Approximately 2,300 soldiers participated in each of the ceremonies in which Maj. Gen. Andrew J. Boyle, 25th Division commander, presented colors to each brigade commander.

At the morning ceremony, the 2nd Inf. Brigade, commanded by Col. William A. McKean, former CO of the 1st BG, 27th Inf., received its colors. Units of the 2nd Brigade include the 1st and 2nd Battalions, 27th Inf., and the 3rd Sqdn., 4th Cav.

In the afternoon, General Boyle presented the colors of the 1st Brigade to Col. James H. Mobley who formerly commanded the 1st BG, 14th Inf. The 1st Brigade consists of the 1st and 2nd Bn., 14th Inf. and the 1st Bn., 69th Armor.

The 25th Division's 3rd Brigade, commanded by Col. James L. Erickson, was activated Aug. 12, with the 1st and 2nd Battalions, 35th Inf., and the 1st Bn., 5th Inf. (Mechanized), as its components.

The activation of the three infantry brigades completes the reorganization of the 25th Division under ROAD structure. Other major units of the Division now include the 25th Division Artillery, commanded by Col. James W. Walters, Jr., with four howitzer battalions and one rocket battalion; 25th Division Support Command which includes the 25th Med. Bn., 25th Supply and Transport Bn., and 725th Maintenance Bn., and three separate battalions — the 25th Aviation Bn., 125th Signal Bn., and 65th Engineer Bn.

## Labor Day Reminder

DRIVE CAREFULLY, the life you save may be your own.

You have heard this safety slogan repeated over and over as long as you can remember. You may think it has become a meaningless phrase.

If you think so, you're dead wrong. Nothing can ever be over-emphasized when it concerns your safety and the safety of others, your life and the lives of others.

The Labor Day Weekend starts tomorrow. A majority of us will be taking to the road for a drive around the island, visit with relatives or friends, or to the beach for a picnic.

Last Labor Day Weekend the Provost Marshal's offices of Schofield Barracks, Ft. Shafter, and Tripler reported no accidents involving Army personnel on the island. That's a perfect record — and one we can try to match this year.

## 2800 Expected for School Opening

Schofield, Ft. Shafter and Wheeler schools will open their doors next Wednesday for the 1963-64 school year with an expected enrollment of over 2800.

Twelve-hundred are expected at both Hale Kula and at Wheeler for kindergarten through the

sixth grade with 400 slated for the Ft. Shafter Elementary School.

Military dependent children of high school age will attend Leilehua High School in Wahiawa while children in the seventh and eighth grades

See Schools, Page 8

## Waialua Country Fair

If you like fairs and carnivals, there's a big one coming up not too far from Schofield next Friday and Saturday. It's the Waialua Country Fair held at the Recreation Center near the sugar plantation's mill. There will be the usual rides, food booths, and displays. Added attractions will be a big tent show each night and a luau Saturday night at a reasonable \$1.50 per person.

## Service Club Notes

Army Service Clubs will have some major activities on tap this big Labor Day weekend. On Sunday, Schofield's Kaala Service Club will sponsor an around the island tour beginning at 10:30 a.m. and lasting all day. On Monday night, Labor Day, there will be games and a weinie roast starting at 7:30 p.m. Kalani Service Club at Fort Shafter will also feature a weinie roast and a Labor Day patio party beginning at 8 p.m. Maluhia is also open during the Labor Day weekend and will feature group games. The weekly Saturday night dances at Maluhia are discontinued until further notice.

## On The Air

This Sunday's "Pacific Report" heard on station KNDI at 2 p.m. and KGU at 6 p.m. will feature an interview with a Schofield soldier, Sp5 Charles Danton of the 27th Inf. He'll talk about his job as a combat engineer. The Army's popular "Big Picture" seen Saturday at 1 p.m. on KONA-TV will focus on a subject much in the news these days - Viet-Nam. It will present a composite picture of the story of the U. S. Military Assistance Program including the activities of the Army, Navy, and Air Force in this troubled country.

## Variety Show

Schofield soldiers are reminded to purchase their tickets for the big variety show at Conroy Bowl this Sunday beginning at 8 p.m. and lasting until 10 p.m. Tickets are \$1 a head and can be purchased at the gate Sunday night or from the USARHAW Special Services.

The talent-packed program will feature four major attractions. One act, Deedee McNeil and her Gospel Singers, is currently packing them in downtown at the Backstage Lounge with their "beltin" style of singing. Also on the show are popular Filipino singer, Poquito Toledo, and singer "Screaming" J. Hawkins, and his Chicken Hawks. Soldiers will also get an eyeful of beauty watching the Maria Korda Dancers, a quintet of very pretty and talented young ladies perform.

# The Complete Picture Has Many Dimensions

Ping Bodie, a famous baseball umpire, was getting a heavy shower of abuse from fans in the grandstand during a ball game played many years ago in California.

Suddenly, in the middle of the game, Ping called proceedings to a halt, walked over to the grandstand and climbed slowly to the top. When he reached the top row, he bellowed, "Play Ball!"

The bewildered managers rushed up to Ping and asked him what on earth he thought he was doing.

"If these people can see better from up here than I can down there," he roared, "then here's where I'll call 'em from. Play Ball!"

The soldier, sailor, airman or marine often reacts to decisions in the same manner as the unruly California baseball fan. It's one of the easiest things in the world to sit on the sidelines and criticize the work of another.

The "complete picture" is often unrecognized by the individual, be he military or civilian, man or woman. Often we sit on the sidelines and are most critical of the small visible portion of the over-all situation.

Since the small picture is often all we see, wouldn't we be better off to get down on the ground - or climb out of our own grandstand - and examine the complete picture, big and small? Then, rather than contributing vocal disagreement, roll up our sleeves, tighten our belt buckles, bend our backs, use our heads and work for the "big team" - the United States of America.

Judgment is valid in any situation only when based on full information. So, first we should secure the information and then we should act, not complain.

The old umpire, Ping Bodie, certainly demonstrated to the name calling fans that he was willing to view his work from all angles before making any more decisions. (AFPS)

# Chaplain's Column

Approximately 313 B.C., Alexander the Great stood and cried. He was broken hearted for there were no more worlds to be conquered. His armies had defeated all enemies, his native tongue had become universal in its use, his country's culture was known throughout the world, a city had been named after him. As he turned his gaze to the lands around him, he saw conquered peoples. If he could have looked inward, he would have seen one who needed conquering, for he died at the age of 33 a morally decadent individual; the one who had conquered the world had not been able to conquer his passion for drink.

Consider another individual who also died at the age of 33. But unlike the other, this man had done no wrong, and yet, he was to hang like a criminal on a cross. Through his death and resurrection he became the eternal conqueror over sin and death. He was to give his life that others, like Alexander the Great, might be reconciled to God. His was the supreme sacrifice for the sins of the world, thru him forgiveness is offered and granted.

For many years we had been taught that children, and adults, needed to express themselves lest they later suffer from repressed desires. We are now told that man needs forgiveness for acts that he has already committed - and this by the very ones who had advocated self-expression.

We may, indeed, conquer others but we also need to surrender ourselves to the Lord Jesus Christ and to receive His forgiveness. He is ready and able to grant us peace and quietness of heart. "In all these things we are more than conquerors thru Him that loves us."

**PETER J. KRAAK**

# Schofield Barracks Youth Activities Day

It was a great day for children and parents alike at the annual Schofield Youth Activities Day. (Left) The 'Blue Birds' display their crafts. (Center) Cathy Frauenheim receives a trophy from Lt. Col. D. M. Smith, CO, 125th Sig. Bn., for setting a new State swim record in the recent Junior Olympics meet. (Right) Hula dancers perform for the spectators. (125th Sig. Bn. photos by Miller)

## UH Classes Commence Oct. 7; Fifteen Courses Are Available

Fifteen University of Hawaii evening credit courses will be offered at Army Education Centers this fall at Schofield Barracks, Fort Shafter and Tripler General Hospital.

Civilians may enroll for the courses by paying \$10 per credit hour. The government pays 75 per cent of the tuition for soldiers.

Regular University professors teach on an accelerated schedule with classes on Mondays and Wednesdays &

Tuesdays and Thursdays from 6 to 8 p.m. and 8 to 10 p.m.

Registration through the College of General Studies is Sept. 30 through Oct. 4, and classes meet from Oct. 7 to Dec. 12.

Residents of rural Oahu, especially, are invited to enroll in classes at Schofield.

Courses offered at Tripler are introduction to the study of society and public speaking; at Shafter, public relations and English composition.

Offered at Schofield are: business statistics, intermediate business law, public relations, principles of economics, secondary education, English composition, college algebra, introduction to philosophy, introduction to the study of society, public speaking and principles of human biology.

## Tickets Available

USARHAW Special Services reminds patrons that tickets are available for the final 10-bout card of the Japan-Hawaii series at the Civic Auditorium in Honolulu.

The first half of the meet, which began on Aug. 12, will end Monday. The series will continue in Tokyo in September.

Tickets, \$1 each, may be obtained at the Special Service office located at the Post Craft Center Building.

## Ft Shafter Fire Marshal Holds Outing

Ft. Shafter's Junior Fire Marshals were out in force recently for their annual field day, with some 200 young firefighters taking part in an afternoon of games at the post ballfield.

Members of the Fire Marshals are pre-teen Army dependents from the Ft. Shafter area. Led by Mike Topolinski, assistant chief of the Shafter Fire Department, the youngsters are taught safe methods of handling fire at meetings during the year.

At yesterday's field day, the Junior Firemen competed in contests which tested not only their stamina, but also their knowledge of firefighting. Contests included competition in hose-rolling and in putting out some stove fires.

## \$10,000 DONATED TO AER, ARS AND DADS' CLUB

Sixty-seven percent of Hawaii-based Army personnel contributed approximately \$10,000 to the recently completed Army Emergency Relief-Army Relief Society and Dads' Club fund drive according to Lt. Col. Candler R. Wiselogle, ACofS, G-1, USARHAW.

## Supply & Transport Bn.

# 25th Div's 'General Store'

Only thing lacking in the 25th Inf. Div.'s new Supply and Transport Bn. is an old-fashioned cracker barrel.

Other than that, this new unit of the "Tropic Lightning" is functioning as the "general store" of the 13,000-man division, furnishing the soldiers everything from soup to nuts, soap to showers.

The "S&T" Battalion supplies Division troops 1,100 pounds of bread daily, enough to feed a family of four for three-and-a-half years, and 1,600 gallons of milk, enough for the same family for four years. In fact, the daily "meal ticket" for some 8,500 on-post soldiers who eat their three squares in the Division mess halls comes to about \$10,000 a day.

Cleanliness is another function of the battalion. If its nine field shower units were set up at one time the battalion would be capable of furnishing showers for 900 men simultaneously - with hot water.

Before the organization of the new battalion each of the Army's seven technical services operated almost independently. Thus, if a unit wanted 500

Lt. Col. Stiles

heat a can of rations to a 50-ton tank retriever, has this delivery service.

The 25th Med. Bn. still handles the medical supplies, the 65th Engr. Bn. continues to furnish water. But except for these, a few other highly technical items, and repair parts, the "general store" with its 2,500 different items on the shelves and the trucks to haul them, has given the 25th Division a truly streamlined set-up. Additionally, the combat units of the Division are relieved of much of the paperwork they used to handle.

Commander of the new battalion, Lt. Col. Lester W. Stiles, was assigned to the Division recently after serving at Headquarters, Department of the Army, Washington, D.C. In previous assignments he has been a transportation officer, quartermaster officer and specialist in distribution of gasoline, oil and other petroleum products.

A graduate of Quartermaster School, Army Command and General Staff College, and the University of Washington, he also has a Master's degree in business Administration from the University of Michigan.

cases of C-rations for a field exercise it procured them from the Quartermaster, but if Transportation had no trucks available to haul them to the mess hall the unit wouldn't get the rations.

Today, however, the battalion which issues supplies ranging from a tiny tablet to

ALL WET - The water doesn't extinguish the excitement and fun of the Junior Fire Marshals at their annual outing, it just adds to the confusion in the tug-o-war contest. (U. S. Army Photo)

PENNANT AWARD - Patty McCaffrey, 10, receives a pennant for her Junior Fire Marshal company from Fire Chief Mike Topolinski for a first place in one of the days contests. (U. S. Army Photo)

## From The Sidelines...

ALLEN

Three weeks from today, the 1st Brigade will meet the 2nd Brigade in the first contest of the 1963 football season. The following night Troops/Support Command will host DivArty. This will conclude the first week of a 10-week schedule which ends Thanksgiving Day.

Preparations are well underway for the coming season which promises to be one of the best in Division football history. Stoneman Field, the site of all games, is now in a constant state of liquid nourishment and the grass gets greener by the day. Before long, the yard lines and the end zone markers will be placed and parking areas will be designated. Cheerleaders are holding regular practice sessions with new cheers being added and old ones being revised to meet with the changes brought about by the reorganization.

### NO MAJOR RULES CHANGE

New nicknames will be appearing on the gridiron front for the first time. The 1st Brigade will be called "Titans" replacing "Dragons." The 3rd Brigade will be represented by the "Broncos," which replaces "Cacti." The 2nd Brigade will retain the "Wolfhounds," as will DivArty with "Cannoneers." The only question mark at the present time is which name Troops/Support Command will adopt for their combined team.

Three of the Division teams began light workouts on Aug. 5 in preparation for the Sept. 20 opening. Troops/Support Command and the 3rd Brigade were still in the process of reorganizing however, and didn't begin practice until the following week.

The teams will play under the same rules this season as they did last year. The free substitution rule is in effect. Any number of eligible substitutes may replace players within the 25 second count. Each team will carry the maximum of 40 players, only 33 will be allowed to dress for each game.

About two weeks before the football season ends, the coaches will conduct a poll among their team for the purpose of All-Star nominations, which may include players from any unit including their own. Each unit will also vote for a Most Valuable Player. These results will then be turned in to the Division Special Services where a ballot will be prepared.

Following the 1963 season, team coaches will meet with the Special Service officer to vote on the All-Star selection. Each coach will cast a secret ballot for a first and second All-Star team, by position, but will not vote for any member of his own team.

As in past years, the home team goal will be the end zone nearest the dressing rooms. The visiting team will have the goal near the scoreboard.

### FINAL MATCH THIS MONDAY

The Japan-Hawaii Boxing series, sponsored by the Oahu Boxing Amateur Association, is going into the fifth and final match on Monday night at the Civic Auditorium. The Division has five boxers representing Hawaii in the 10-meet event, five of which will be held in Tokyo sometime in September. Of the five Hawaii wins and two draws, thus far, Tropic Lightning boxers have accounted for two wins and one draw, while losing only six of the 22 losses suffered by the Hawaii boxers. One of the losses was the split decision of Katsuji Kawai over Hector Santos in the second match. Figuring by percentages, the Division boxers are "away out." Why the great difference? The reasons are two-fold. First, the Japanese boxers spend much more time training than do the Hawaii boxers, who must train only in their spare time. Secondly, the boxers from Japan are hand picked and are considered the best in amateur standings.

Japan flyweights Shuta Yoshino and Isao Kuroda are ranked the number three and four in amateur standings in that country. Yoshino, 20, has posted 53 wins and 13 losses in his boxing career while Kuroda has won 56 and lost 14.

In the 119-pound class, Japan has Katsuji Kawai and Katsuo Sato. Sato, 25, has chalked up 114 wins against 28 losses in his career.

Featherweights Hisashi Saito and Masataka Takayama are among the top in the 125-pound class in all Japan. Takayama, 18, has won 47 bouts, losing only eight and is considered the ace of the 10 boxers over from Japan.

Yoshio Okamoto and Yoshisaburo Suzuki are the winning lightweights for Japan. Suzuki's 52 wins won him the All-Japan championship in 1961.

The only 132-pound welterweight representing Japan in the series is Tadashi Shukawa, ranked third in all Japan.

## Evans, Kelly Defeated

# V. Buendia Cops Decision; Santos Drops Main Event

Vincent Buendia, the 1/35th Inf. lightweight, had 1500 fans cheering as he pounded out a unanimous decision over Yoshio Okamoto in the Japan-Hawaii goodwill series at the Civic Auditorium Monday night.

It was one of two victories for the boxers representing Hawaii and Buendia's second bout in the five match series. His first, with Hisashi Saito, ended in a draw.

Buendia never lost command of the bout as he landed hard combinations to the head and body of the Japanese fighter, twice almost putting him on the canvas.

Three other Division boxers - Carl Evans, John Kelly and Hector Santos, all from the 3rd Brigade, found the competition insurmountable, dropping decisions to their Japanese opponents.

Santos, fighting the Japanese ace, Masataka Takayama in the 125 pound main event, landed good punches in each of the two minute rounds, but was never able to cope with the classy Nippon boxer.

It was the third straight victory in the series for Takayama. In the opening match he defeated Louis Johnson, the former Marine champion who is now boxing for the Hawaii Youth Organization. Last week won a decision over Kelly.

Carl Evans, in his usual crowd pleasing style, put up a terrific battle with last year's fourth ranked Japanese flyweight, Isao Kuroda, but couldn't stop the aggressive opponent. It was the second setback in as many fights for Evans.

In the 125 pound class, Kelly dropped a decision to Hisashi Saito in a close match that saw both fighters landing good blows to the body and head.

### THURSDAY NIGHT

Joe Lorzana, 5th Inf., won a hard fought decision over Tadashi Shikuwa in the 139-pound class Thursday night at the Civic Auditorium.

Masataka Takayama continued his winning streak by decisioning John Kelly in the 125-pound class.

## Age, Weight Changes For Youth Football

Several changes have taken place in the Youth Football Program which gets underway Sept. 14.

The length of quarters have been changed from eight to ten minutes in the Midget Division, while the weight requirements for the Bantam Division have been revised from a minimum of 95 pounds and a maximum of 140 pounds.

The Pee Wee Division has been changed in age requirements. Players must be eight years old by Dec. 31 and not over 12 on Dec. 1.

Football shoes will be furnished by each player. In the Bantam and Midget Divisions the non-metallic cleats will be

worn. Pee Wee and Termire Divisions are to wear the Pop Warner rubber soled shoe, Little League shoe or tennis shoes.

A parent of each player will draw and sign a temporary hand receipt for his equipment, except for game uniforms.

Players who drop out of the program due to extenuating circumstances may, at a later date but not after the fifth scheduled game, apply to be reinstated or reassigned by submitting a request to the Executive Council.

Selection of teams to play in the annual bowl games on Thanksgiving Day, will be made by the Council.

DIVARTY CHAMPS - Col. J. W. Walters, DivArty CO, presents the Commander's Trophy for athletics to 1/Lt Richard S. Seaward, CO, A Btry., 13th Arty. The trophy is an annual award presented to the battery with the best overall performance in intramural athletics for the year.

## Kids Soda Pop Tourney Today

The 16th annual Ice Cream and Soda-Pop Golf Tournament for kids 6-17 got underway at the Ft. Shafter course today.

Sponsored by the Professional Golfers Association of Hawaii, the tourney was organized in 1947 by Shafter pro Walter Nagorski, who is again directing this year's competition.

As compared with the first years of play when only about 25 or 30 children participated, the meet now draws between 150 and 200 youths from Hawaii.

The one-day journey will be divided into two phases of competition. The overall winner of the ice cream and soda pop phase of the tourney will be the boy or girl in the 12 and under bracket. Last year's tournament was won by M. Garris, 9, who carded a nine hole total of 41.

Those in the 12-17 age bracket will be competing in the guest flight and also will play for the Hawaiian Electric team trophy.

## 'Hounds Select Cheerleaders

A cheerleader's clinic for dependents of the 2nd Brigade was held on Friday, Aug. 22. Thirteen girls showed up to learn the "tricks of the trade."

Heading the clinic was Mrs. Margaret Miller, wife of 1/Lt. John Z. Miller, 2nd Brigade football coach. Assisting were Mrs. Bruce Lammers and Mrs. William Moore.

The final selection of eight cheerleaders was made at 9:30 a.m. Tuesday at Stoneman Field.

### '63 FOOTBALL PREVIEW

The HLN will take a look at the 2nd Brigade "Wolfhounds" and the DivArty "Cannoneers." in the Sept. 6 issue.

## Military Club Participates

# Parachutists Hold Three-Day Meet Here

The Military Skydivers of Hawaii will join with civilian parachutists tomorrow, Sunday and Monday in a sky-o-rama contest featuring high altitude free fall jumps. The free air show will take place at the new Lightning Field, across from the Schofield Officers' Club from 8:30 a.m. to 4:30 p.m. each day.

The three-day holiday event is being hosted by the military divers in cooperation with USARPAC and the 25th Inf. Div. Also participating will be members of the Aloha, 50th State and Imua Skydivers Clubs.

In all, there will be about 30 parachutists, including four women. The event will mark the first time that Hawaii skydivers from various clubs have competed with one another.

The highlight of the affair will be a Labor Day high altitude jump from 6,900 feet. Skydivers will "free fall" for 30 seconds while doing turns and loops with colored smoke grenades strapped to their feet. They will reach approximately 120mph before pulling the rip cord.

Besides the high altitude

style event, there will be six accuracy jumps, three from 3,400 feet and three from 5,200 feet, the latter including a 20-second delay before the rip cord is pulled.

First prize in the high altitude style event will be a parachute. Other prizes and trophies will be presented by club officers Monday afternoon.

Judges for the contest will be Maj. Barbara Gray, an Army nurse at Tripler General Hospital with over 400 jumps to her credit; S/Maj. Kenneth E. MacPhail, a veteran jumper from

Kaneohe Marine Corps Air Station, and Buzzy Marciel, a Honolulu business machine repairman well known among local skydivers as an ace jumper.

The military club will fly over from Wheeler Air Force Base in light airplanes and civilians will leave from Honolulu Airport.

Besides watching them jump, visitors will be able to see skydivers re-pack their parachutes on the ground. The Schofield Dads' Club will operate a refreshments booth at the field during the contest.

## Basketball Clinic Set; Sept. 9-11

The USARPAC Coaches and Officials Basketball Clinic will be held at the Hickam Base gym Sept. 9-12.

Coaches conducting the four-day conference will be Jack Gardner from the University of Utah and Howard "Howie" Dallmar of Stanford University.

Officials will be Ernie J. Filiberti of the National Collegiate Athletic Association and Floyd Magnusson from the Big Ten and Missouri Valley Conferences.

The visiting coaches and officials will give lectures and demonstrations on basketball techniques at the conference.

Following the Hawaii clinic they will make the Pacific tour visiting Kanto Base Command, Japan; Kadena Air Base, Okinawa, and Seoul Area Command, Korea, for the purpose of conducting clinics.

TEXAS GOLFBALL - S/SGT James W. Boan of Support Command is in the precarious position of riding what his unit calls the "Texas golfball." Actually, it is the new pushball that Support Command A & R has added to their intramural program. The game called "pushball" is played by the unit on Wednesdays at Canby Field. (Photo by Krable)

## Army Bowlers Win Over CG

Schofield defeated the Coast Guard in the Hawaii Armed Forces Classic Bowling League held at the Sub-Pac Bowling alley last Friday. The win puts them in third place in the 16-team league with an 11-9 record.

Hickam continues to dominate the top spot with 14 wins against 6 losses while Ft. Shafter holds second place with a 12-8 record.

In Friday's game against the Flyers, Robin Dietz bowled a 574, Bill Bratton, 594, Curtis Gilmore, 537, Howie Nowak, 543 and James Richards, 625.

## 27th Tops League

The 27th Inf. won the Redlander Handicap Bowling League last Thursday at the Schofield Bowling lanes by defeating the Flyers. The champions ended the season with a 49-23 slate in the eight team league.

The Redlander League will start on Sept. 5. Anyone interested in bowling may contact the Schofield bowling alley.

# 1st Brig Titans To Depend On New Talent

Jerry Acanfora, head coach for the 1st Brigade "Titans," is not smiling much these days. With less than three weeks left before their opening game with the 2nd Brigade "Wolfhounds,"

Ralph Vanderbeek

the head mentor is trying to overcome his biggest problem which he explains in one word, "inexperience."

"I have five players returning from last year," says Acanfora, who coached the Dragon baseball team out of the cellar this year. "Only two have college experience and I'm depending heavily on newcomers, some who have never played any serious football."

Backing Acanfora are assistants Isaac Oliver, who played with the Dragons last year, and Emmett Beck, who started the season but dropped out because of an injury.

Biggest hopeful for the Titans this year is fullback Cliff Paige, a defensive guard with last year's champion Gimlets. Standing 6-2, the 210 pound back will also handle the kicking chores.

At the quarterback slot will be

"Titans," meaning gigantic or great, has been chosen as the nickname for the 1st Brigade football team.

The 1st Bn., 69th Armor joined with the 1st and 2nd's 14th Infantry under the reorganization to form the 1st Brigade.

The new nickname replaces last year's "Dragons."

Ralph Vanderbeek (6-1, 180), who played his first year of Army football with the Dragons last year. Rounding out the backfield will be Art Welch (5-11, 175) at the left slot and Lucien Tiger (5-9, 150) at right.

The "Titans," are light up front with the line averaging 190 pounds. However, Acanfora has four players with previous experience whom he hopes will beef up his forward wall. Gus Mahelona (6 ft, 205

lbs) at left tackle, played with the 21st Inf. and Norris Burgess, center, who played with Division Troops last year, are expected to anchor the Titan line.

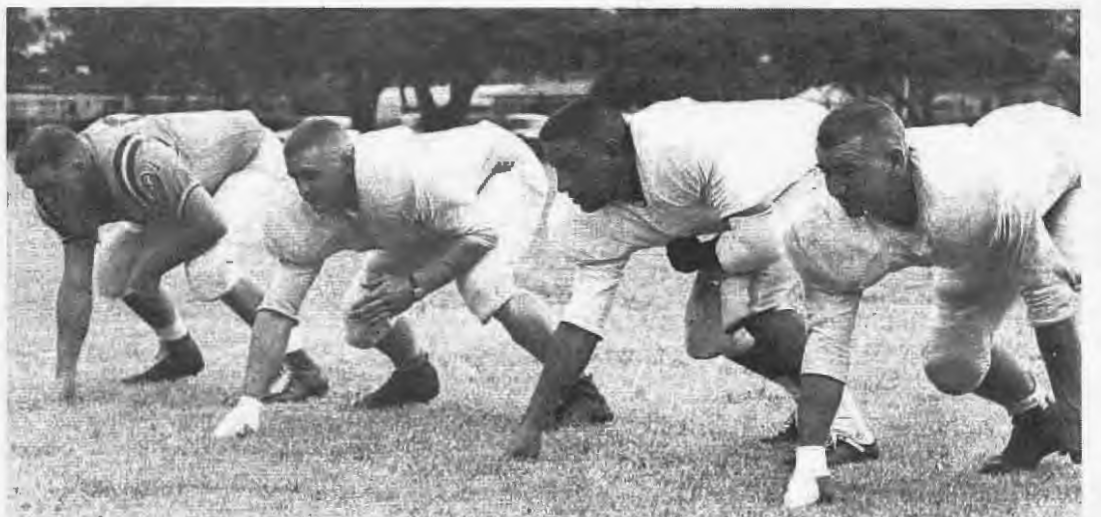

Joe Pellegrino, right guard with two years of college football, and Henry Mefford, right tackle, each weigh in at 205 pounds and are expected to see plenty of action.

Probably the strongest position on the team is the right end

slor, held down by former West Pointer, Bob Fuellhart, a 6-1, 190 pounder. The probable starter on the opposite end will be John Paxton, a newcomer.

A pair of promising ends are John Robinson and Harold Hunt. Other newcomers to the Titan line are Don Duffy, Franklyn Binham and Schnauffer Bronc.

The 14th posted a 2-4 mark last year and finished in a tie for fifth.

FORWARD WALL - The Titans will be depending on the 800 pounds of beef up front in the name of tackles Don Duffy (l-r) and Henry Mefford and guards Joe Pellegrino and Jim Lewis. (1st Brig. photo by Price)

## ★Generals

Military Assistance Advisory Group Advisor for Plans and Operations and later as Chief of Staff on the Joint MAAG Staff.

He was on duty with the 33rd Infantry in the Panama Canal Zone at the outbreak of World War II and was placed in command of the Enemy Alien Internment Camp established to control potentially dangerous enemy elements in Central America.

He served with the 86th Division in the European theater in World War II and later went to the Philippines to direct security and reconstruction missions.

## ★ Brigades

Although each of the infantry brigades as now organized has two infantry and one mechanized battalion, each can be immediately strengthened by the addition of units from other brigades, depending on the missions they receive and can also be augmented by units of the aviation, engineer and signal battalions.

Organization of the Support Command, whose CO is Col. Millard G. Gray, streamlines the logistical support of the Division's combat elements.

## ★ Schools

will attend the Wabiawa Intermediate School.

In the Shafrer area, high school students will attend Radford High School and intermediate students will go to Aliamanu School.

In the Schofield Area, children living in Areas A, GG, T South Sector, W and W-4 will attend Wheeler while those living in Areas B, C, D, E, F, G-1, H, I, J, K-1, T North Sector, and V will attend Hale Kula.

Wednesday, September 4, will be only a half-day schedule for registration, orientation and introduction of courses.

# Three Million \$\$ Housing Set for Completion Oct '64

Married enlisted men in ranks E5 and above, and E4 with over four years service, can look forward to moving into new family quarters by mid October 1964.

Earlier this year, as part of the Military Construction Act, the construction of 250 NCO family housing units was approved for Schofield Barracks. Although there were over 1,100 requests for such housing among all Branches of the Armed Forces on Oahu, it was determined that the need was greatest at Schofield according to Mr. Lawrence K. Yoshimoto of the U. S. Army Engineer's Office.

### \$19,500 PER UNIT

The 250 housing units will be contained in 57 buildings, 200 with three bedrooms and 50 with four. The price tag for the project is \$3,884,000 which averages out to approximately 14,500 for a three bedroom unit and 19,500 for a four bedroom unit.

The contract for the construction of the units was awarded to the Honolulu-based firm of Reed & Martin, Inc. on June 26. The project, now well underway, should be entirely completed by mid-October, 1964. The first 80 units are expected to be ready by July of next year. Six of the 57 buildings will

be constructed at the junction of Beaver and Trimble Roads. The other buildings will be in an area bounded by Kolekole Ave., Trimble Rd. and Hewitt Street, the site of the former Lightning Field.

The units will be two-story row type with concrete floors,

steel and wood frames, wood siding and built-up roofing. The four-bedroom units will have two full baths while the three bedroom units will have one and one-half baths.

NCO wives will have available not only 30 square feet of bulk storage space inside the units, but an additional 77 square feet outside. Overall, the three bedroom units will contain 1,182 square feet, of which 1,060 square feet will be usable while the four bedroom units will have 1,300 square feet, of which 1,175 square feet will be usable.

### APPLIANCES INCLUDED

Kitchens in the units will have vinyl tile flooring while the remainder of the first floors will have asphalt tile. On the second floors, only the bathrooms will have asphalt tiling.

Each unit will also be supplied with a 13 cubic feet refrigerator with a freezer compartment, an electric built-in range, and a hot water heater.

The housing areas will be serviced by electric power, water, sewage and drainage systems. Appropriate off-street and street lighting will be installed. Landscaping will be initially provided for each of the areas.
